

### DIGITAL SCORER TABLE SPONSORSHIP

Exciting News! This past season Collins Hill High School purchased a new Digital Scorer Table that offers you to display your ads electronically on high resolution 50" monitor position from the audience bleachers area. The feedback that we received have been very positive form our sponsors. Thank you for considering a sponsorship agreement in support of our school program. The CCH Tip-Off is responsible for the fundraising efforts and we depend heavily on the generous support of businesses within our community to supplement our financial needs. Your support helps offset expenses associated with training equipment and programs, new uniforms, participation in tournaments outside the core school game schedules along with many other costs to make our Eagles Basketball program rewarding for the students, parents, staff and fans.
